

Elevator Speech Example

The International Order of the Rainbow for girls is a non profit youth organization for girls ages 11 to 20 that promotes leadership, sisterhood and service. Rainbow provides a safe space for girls to grow into strong confident leaders as they learn to plan and execute fundraising projects, learn how to speak and dress in a business setting while creating strong friendships to girls in their community. Rainbow encourages a strong relationship with serving their community as well as annually seeking other nonprofit organizations to support to help them serve their community as well. Rainbow is a great place to learn new skills and grow. If you want more information about this organization we have a website gocarainbow.org that can give you more in depth information about local assemblies, our annual service projects and much, much more about the good we strive to do.
