

CAIORG Driver's License and Vehicle Insurance

International Order of the Rainbow for Girls
Grand Assembly of California
Grand Executive Committee

Year: 2023
To: Mother Advisors and Advisory Boards
From: The Grand Executive Committee, Grand Assembly of California
Subject: Driver's License and Vehicle Insurance

The California Vehicle Code requires all drivers of vehicles to have a valid driver's license for the "privilege" of driving the type of vehicle you wish to drive.

The California Vehicle Code also requires the owner of any vehicle registered to drive on public streets to carry the proper liability insurance to cover damages of Bodily Injury to another party and property damage to other's property.

The Grand Executive Committee is requiring proof of a valid driver's license and proof of insurance, showing at least \$500,000* Bodily Injury/Property Damage coverage as required by our Insurance Company, for all drivers and vehicles that carry Rainbow Girls to and from Rainbow functions. This proof of insurance is for the protection of our California Rainbow Girls. **Unless these forms are on file with the Mother Advisor of the Assembly, a girl is not to ride in the car or with the driver. These forms are to be kept current.**

** If the driver can answer the following three questions in the positive, they may reduce the Bodily Injury/Property Damage coverage to \$300,000. If during the year any of these items should change, the coverage amount would need to be increased back to \$500,000.*

1. I have not been convicted of any motor vehicle violation for the past three years other than a minor parking violation.
2. I have not been involved in any motor vehicle accident for the past three years in which I was cited or otherwise found at fault.
3. I will obey the laws and rules of the road and I will use seat belts when transporting children and will make certain that all adult occupants use seat belts and that children use seat belts or other safety devices required by the law.
